INTO THE HEART OF DARKNESS
BETRAYAL and DEFYING OLYMPUS

The year is 2119. On the "home worlds" of Earth, Venus and Mars,
genetically engineered super-beings called Neosapiens have revolted,

enslaving their human creators. Now,
only the daring resistance fighters of
the EXOSQUAD and their awesome,
robotic arsenal can save the solar
system from the Neosapien reign of terror!

A massive Neosapien brooding lab on
the surface of Mars will soon produce
enough Neo workers to make all of
humanity... expendable! J.T. and his
squad mount a desperate mission to
destroy the brooding complex, only to
find themselves abandoned when muti-
neers take control of the Exofleet and plunge it into a disastrous, full-
scale space battle with the Neo's combined Earth and Mars forces!
