INTO THE HEART OF DARKNESS
ABANDONED! and THE BROOD

The year is 2119. On the "home worlds" of Earth, Venus and Mars,
genetically engineered super-beings called Neosapiens have revolted,

enslaving their human creators. Now,
only the daring resistance fighters of the
EXOSQUAD and their awesome, robotic
arsenal can save the solar system from
the Neosapien reign of terror!

In orbit near Jupiter, the ravaged
Exo-fleet struggles to re-group after their
cataclysmic battle with the mighty
Neosapien armada. Meanwhile, at the foot
of the 16-mile-high Martian volcano Olympus
Mons, J.T. and the Exo-team continue their
E-frame onslaught against the Neo's heavily

defended brooding lab. Facing overwhelming enemy forces- and treachery
within their own ranks- the Exosquad's only hope is a risky mission to turn the
volcano itself into the ultimate weapon of destruction!
