

*"This is an awesome tool. I love the fact of how much easier this is than the old days of getting contracts 'faxed' back."*

Lowell Malles

Trusted by over 1000 enterprise organizations including British Telecom, Dell, Delta Air Lines, General Electric, Taleo, Time Warner Cable and thousands more!

### Named an AppExchange Essential a Record Three Times!

- For Sales Operations, For Office, and For Software Companies

Adobe EchoSign for Salesforce  
Because it's only closed when it's signed.

## ADOBE® ECHOSIGN®

The #1 Rated eSignature Application on AppExchange

eSign and Close in Seconds!

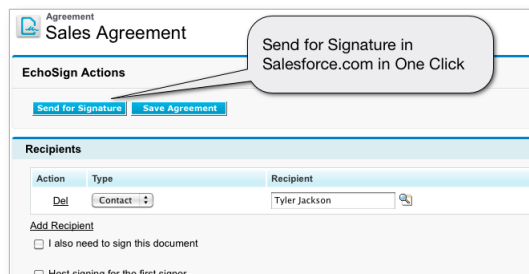

#1 Rated on AppExchange Since 2006

# Accelerate Your Close Process: Close Deals in Minutes with EchoSign!

As Easy to Use as email...

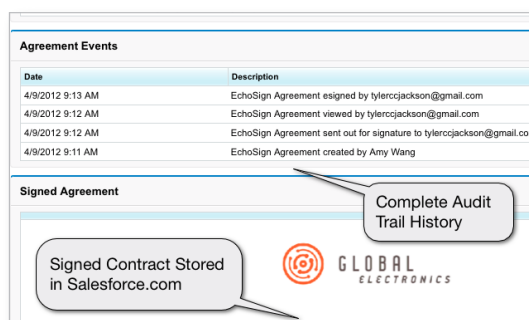

- 1 Send the contract directly from your Salesforce account and track real-time status of all contracts.

- 2 The customer e-signs in seconds or prints, signs and faxes it back.

- 3 Every signed contract is automatically filed in Salesforce and emailed to the customer and sales rep.

...with Speed, Visibility, Ease...

## Simplify

Instant e-signatures or fax signatures

## Track

Manage contract status across teams or entire departments

## Communicate

Across the organization – sales, legal, finance

## Analyze

Know when documents are signed and by whom

## Forecast

Improve the accuracy of revenue projections

## Streamline

Decrease post sales administration, improve compliance and never misplace a contract

## Accelerate

Efficient communication with CCs, reminders, and signed contracts emailed to all parties

## Convenience

Dramatically improve your customer's signing experience

...and Increased Sales

Over 1000 Salesforce Customers

Enterprise Edition  
Only \$29.95 sender/month  
(Minimum 10 users)
