## BREATHALYZER

TRACKS BLOOD ALCOHOL CONTENT  
IN SECONDS

THE BACTRACK® BREATHALYZER  
QUICKLY AND EASILY ESTIMATES  
BLOOD ALCOHOL CONTENT

The latest addition to the BACTRACK Breathalyzer Series, the BACTRACK B90 is a professional breath alcohol tester designed for use by law enforcement, hospitals, businesses, and even for consumer use. The BACTRACK quickly and easily estimates BAC - blood alcohol content - based on a deep lung air sample. Simply activate the FlipBlade™ mouthpiece and begin testing in seconds. The BACTRACK B90 is accurate enough for professional use yet simple and safe enough for anyone to operate.

# BACTRACK B90

TRACKS BLOOD ALCOHOL CONTENT IN SECONDS

With advanced BluFire® Technology and an innovative, user-friendly design, the BACTRACK B90 breathalyzer is a new generation of alcohol tester.

**The BACTRACK B90 is a revolutionary breathalyzer powerful enough for professional testing applications yet simple enough for everyday consumer use.**

**A** Innovative FlipBlade™ breath sampling system retracts for safe storage free of dirt and germs. Simple and easy to use – pop out the FlipBlade and begin testing in seconds!

Employs professional BluFire® sensor technology to provide accurate and reliable BAC test results.

FastMode allows testing without the use of a mouthpiece – perfect for rapid screening of many subjects.

**B** Easily select three or four digit format for test results – Display 0.08 %BAC or 0.084 %BAC.

Inverse LCD Display - White digits on a black background make test results easy to view in daylight and at night.

Five Point Display – provides visual assurance that a deep lung air sample has been reached the sensor and that a proper test has been performed.

**C** One Button Operation - Simply turn it on and begin testing in seconds.

**D** Sleek, rugged design suitable for professional testing applications.

## FlipBlade™

The Innovative FlipBlade™ mouthpiece is not available on any other breathalyzer in the world. When activated, the FlipBlade snaps out automatically, provides a closed entryway for airflow, and begins the testing process. The FlipBlade easily retracts for safe storage. This protects the FlipBlade from dirt and damage, maintains the natural, sleek design of the product, and makes it more convenient for storage and transport.

When the FlipBlade is in the closed position, the Bactrack B90 can still perform a test through the “open flow” port. Simply press power and exhale through the circular light tube on the passive testing side. Your BAC result will be displayed in seconds.

## PRODUCT SPECIFICATIONS

Dimensions.....	4 .88 x 2.206 x 0.81 inches (12.4 x 5.2 x 2.1 cm)
Weight .....	2.5 oz (71 grams)
Sensor Technology .....	BluFire®
Detection Range.....	0.00 – 0.40 %BAC
Test Count .....	Displays total number of tests performed
Power Supply.....	Two AA batteries, not included
Battery Life .....	At least 300 tests
Warm Up Time .....	10 seconds
Response Time.....	3 seconds
Sensor Accuracy .....	+/- 0.01 %BAC @ 0.02 %BAC
Operating Temperature ..	50-104 °F (10-40 °C)
